Congratulations on purchasing this product. This dresser will provide many years of service if you adhere to the following guidelines for assembly, maintenance, and operation. This dresser is for residential use only. Any institutional use is strictly prohibited.

Please be sure to follow the instructions for proper assembly. Use a Phillips head screwdriver for assembling the dresser. Do not use power screwdrivers. All of our dressers are made from natural woods. Please understand that natural woods have color variations which are the result of nature and not defects in workmanship.

DO NOT SUBSTITUTE PARTS. ALL MODELS HAVE THE SAME QUANTITY OF PARTS AND HARDWARE. YOUR MODEL MAY LOOK DIFFERENT FROM THE ONE ILLUSTRATED DUE TO STYLISTIC VARIATIONS.
**DRESSER PARTS**

- A. Left side
- B. Right side
- D-1. Cross bar (2)
- D-2. Center bar
- H. Drawer front (5)
- I. Drawer back (5)
- M. Left side glide (5)
- N. Right side glide (5)
- C. Top
- E. Base
- G. Dresser foot (4)
- J. Left drawer side (5)
- K. Right drawer side (5)
- O. Right drawer glide (5)
- P. Left drawer glide (5)
- F-1. Top back panel
- F-2. Middle back panel
- F-3. Bottom back panel
- L. Drawer bottom (5)

**Tools Needed**

- Phillips screwdriver

**HARDWARE**

- Q. 1 1/4" Phillips head bolt (4)
- R-1. 5/8" Washer head screw (4)
- R-2. 3/8" Phillips head screw (80)
- S. 1 1/4" Phillips head screw (20)
- T. Cam bolt (22)
- U. Cam lock (22)
- V. Small wood dowel (4)
- W. Large wood dowel (4)
STEP 1.
Insert a large wood dowel (W) into each foot (G). Attach the feet to the base panel (E) using 1 Phillips head bolt (Q) for each foot. Tighten the bolts securely.

STEP 2.
Attach the left (M) and right (N) side glides to the left (A) and right (B) side panel using 3 3/8" Phillips head screws (R-2) in each side glide. Do not overtighten the screws.

STEP 3.
Screw 2 cam lock bolts (T) into the threaded inserts on each side panel. Insert cam locks (U) into the holes in the two cross bars (D-1). Attach the cross bars (D-1) and center bar (D-2) to the sides and rotate the cam locks (U) to secure them.
STEP 4.
Screw 4 cam lock bolts (T) and press 2 small wood dowels (V) into the holes in the base. Insert cam locks (U) into the holes near the bottom of the sides. Lower the side panel assembly onto the base making sure that all of the cam bolts and dowels fit in their holes. Rotate the cam locks to secure the sides.

STEP 5.
Screw 4 cam lock bolts (T) and press 2 small wood dowels (V) into the holes in the top (C). Insert cam locks (U) into the holes near the top of the sides. Lower the top onto the side panel assembly making sure that all of the cam bolts and dowels fit in their holes. Rotate the cam locks (U) to secure the sides.

STEP 6.
Attach the back panels (F-1, F-2, F-3) using 4 5/8" washer head screws (R-1) at the center and 20 3/8" Phillips head screws (R-2) as illustration shown.
STEP 7.
Screw cam lock bolts (T) into the threaded inserts in the drawer fronts (H). Insert cam locks (U) into the holes in the left (J) and right (K) drawer sides. Slide the drawer sides onto the front panels (H) and rotate the cam locks (U) to fasten them securely.

STEP 8.
Slide the drawer bottoms (L) into the grooves in the sides and fronts of the drawer. Be sure it goes all the way into the groove in the drawer front (H).

STEP 9.
Locate the drawer backs (I) over the sides and guide the bottom into the groove in the back.
STEP 10.
Secure the drawer backs (I) with four 1 1/4" Phillips head screws (S) through the sides and into the backs.

STEP 11.
Attach the left (P) and right (O) drawer glides to the drawer sides using 3 3/8" Phillips head screws (R-2) in each glide. Do not overtighten the screws.

STEP 12.
Slide the drawers into the dresser and check that they glide smoothly.

Care and Cleaning:
Do not scratch or chip the finish. Do not use abrasive chemicals for cleaning. Clean with mild soap on a soft rag, rinse and dry thoroughly. If you ever refinish this furniture, be sure to use only a non-toxic finish specified for children’s products. If you choose to refinish this furniture, the warranty will be voided.

Storage:
Pine woods exchange moisture with the air adjusting to major changes in room temperature and humidity. Therefore it is best to place your furniture away from heating or air-conditioning vents. Sunlight is not friendly to solid wood furniture and prolonged direct exposure to harsh sunlight can discolor the finish. Be careful not to place your furniture in direct sunlight for extended periods of time. As with all your fine furniture, blot up spills immediately.

IMPORTANT: As with all infant and baby furniture, it is important to check fasteners, screws, and bolts periodically for tightness. Parents should ensure a safe environment for their children by checking the furniture regularly before placing a child in the product.
